**Milestone Group 1: Basic User Functionality (December 7 - December 11)**

Milestone Payment upon completion: **₦50,000**

1. **Login (`login.png`) and Signup (`signup.png`):**

   - Implement user authentication, allowing users to log in and sign up.
   - Integrate email verification for user accounts.

2. **Account Settings (`account_settings.png` and `account_settings2.png`):**

   - Develop the functionality for users to manage their account settings.

3. **Xchange Directory (`xchange_directory.png` and `xchange_directory2.png`):**

   - Create a basic directory feature where users can view and search for other users or businesses on the platform.

4. **Report Misconduct (`report_misconduct.png`):**

   - Integrate a reporting feature to allow users to report any misconduct or issues on the platform.

**Milestone Group 2: Core Platform Functionality (December 12 - December 16)**

Milestone Payment upon completion: **₦50,000**

1. **Post New Truck (`post_new_truck.png`) and Post Load Referral (`post_load_referral.png`):**

   - Enable users to post information about new trucks and available loads for referral or exchange.

2. **Search Available Load Referrals (`search_available_load_referrals.png`):**

   - Implement search functionality to allow users to find available load referrals based on specific criteria.

3. **Available Trucks (`available_trucks.png`) and Active Load (`active_load.png`):**

   - Implement features to display information about available trucks and ongoing loads on the platform.

**Milestone Group 3: Additional Features and Enhancements (December 17 - December 21)**

Milestone Payment upon completion: **₦50,000**

1. **Start Messaging (`start_messaging.png`) and Inbox (`inbox.png` and `inbox2.png`):**

   - Integrate messaging functionality and develop the inbox for users to communicate and manage their messages.

2. **Lounge (`lounge.png`) and Xchange Lounge (`xchange_lounge.png`):**

   - Develop community and social features, including a general lounge and a dedicated exchange lounge.

**Milestone Group 4: Admin Dashboard Functionalities (December 22 - December 26)**

Milestone Payment upon completion: **₦50,000**

1. **View Load and Dispatch Information:**

    - Implement a section in the admin dashboard to view information about loads and dispatch activities on the platform.

2. **Subscription Management:**

    - Develop functionality within the admin dashboard to manage user subscriptions and access levels.

3. **Cloud Hosting of the Server:**

    - Set up and integrate cloud hosting solutions for the server, ensuring scalability and reliability.

4. **MongoDB Integration:**

    - Integrate MongoDB to handle the storage and retrieval of data efficiently, providing a robust and scalable database solution.

5. **Stripe Integration:**

    - Implement Stripe payment gateway integration for handling subscriptions and any other payment-related transactions on the platform.

6. **Email Verification:**

    - Implement email verification during the signup process to enhance account security and validity.
